

# 6 REASONS WHY YOU NEED UFED CLOUD

Criminals exploit digital channels to communicate, organize and commit crimes, leaving behind 'digital footprints' in the cloud that can contain critical evidence.

**UFED Cloud, the key to any Digital Intelligence solution, can help agencies leverage cloud data to solve cases faster.**

## ACCESS MANY APPS

Extract, preserve and analyze cloud-based content from over 50 applications using a single, user-friendly solution.

## VIEW DIGITAL ACTIVITY AND LOCATIONS

Get data about users' digital activity and locations from Facebook, iCloud, and Google across multiple devices.

## GET DATA FAST

Remove the dependency on service providers by using tokens or user credentials, cutting weeks to minutes.

## COLLECT DATA WITHOUT THE DEVICE

Collect forensically sound consent-based data without the need to seize the physical device.

## ACCESS DATA BEYOND THE PHONE

Get access to data that no longer resides on the physical device by retrieving cloud backups.

## STREAMLINE YOUR WORKFLOW

Tightly integrated with Cellebrite Physical Analyzer for a seamless review process into the Cellebrite Digital Intelligence platform.
